PAIR OF EXTN SUPPORT ARMS

MODEL NO: CHT711

PART NO: 1801711

USER INSTRUCTIONS

INTRODUCTION

Thank you for purchasing these CLARKE extension Pair of extn support arms. Before attempting to use this product, please read this manual thoroughly and follow the instructions carefully.

GENERAL SAFETY RULES

IMPORTANT: Failure to follow these precautions could result in personal injury, and/or damage to property.

1. **ALWAYS** seek help with large items such as plasterboard etc.
2. **ALWAYS** wear a safety helmet, safety shoes, gloves and goggles, manufactured to the latest European Safety Standards.
3. **ALWAYS** keep work area clean. Cluttered areas invite accidents.
4. **ALWAYS** keep children away. All visitors should be kept a safe distance from the work area.
5. **ALWAYS** concentrate on the job in hand, no matter how trivial it may seem. Be aware that accidents are caused by carelessness due to familiarity.
6. **ALWAYS** keep your proper footing and balance at all times - don't overreach. For best footing, wear rubber soled footwear. Keep floor clear of oil, scrap wood, etc.
7. **ALWAYS** wear proper apparel. Loose clothing or jewellery may get caught in moving parts. Wear protective hair covering to contain long hair.
8. **ALWAYS** check tool is in perfect working order before using.
9. **NEVER** use the tool if it becomes damaged, i.e. bent etc.
10. **NEVER** use where a risk exceeding the rated capacity exists.

SUPPORT ARM SAFETY PRECAUTIONS

1. **ALWAYS** ensure floor is firm and reasonably level.
2. **ALWAYS** check load to be supported does not exceed maximum capacity, (30kg).
3. **ALWAYS** ensure when adjusting support arm length, a minimum of 2½" (64mm) of top tube remains in the bottom tube.
4. **ALWAYS** ensure the support arms are as near vertical as possible, DO NOT use at an angle.
5. **ALWAYS** check the load is supported safely before starting work.
6. **NEVER** use the support arms to lift anything, They are designed to support weight only.

DIRECTIONS FOR USE

WARNING: DO NOT USE THE SUPPORT TO LIFT LOADS. FAILURE TO OBSERVE THIS INSTRUCTION WOULD INVALIDATE YOUR GUARANTEE AND MAY CAUSE DAMAGE TO YOUR SUPPORT, AND COULD EVEN RESULT IN PERSONAL INJURY OR DAMAGE TO PROPERTY.

1. Ensure floor is firm and reasonably level before starting. If not, use boards to obtain it. Once satisfied continue as follows.
2. Set arms to the approximate height as follows:
 - Lift lever 'A' whilst pushing down the top support plate.
 - Push in the locking pin and move the upper support tube to one of the 3 positions available.
 - The locking pin will pop out through the hole on the side of the lower support tube when it is correctly located.
 - Lift lever 'A' and pull the top support plate upwards again, until required height is reached. Release the lever, the support is now ready to use.
3. Carefully lift the object to be supported into position.

NOTE: Seek assistance if required

4. Place the supports underneath and slowly pump the handle until the top support plate is firmly against the workpiece.
5. Make sure the supports are vertical, if not, correct before continuing.
6. When the object is permanently secured into position, remove the support by lifting lever 'A' and pushing the support upwards against the ceiling etc.

GUARANTEE

This product is guaranteed against faulty manufacture for a period of 12 months from the date of purchase. Please keep your receipt which will be required as proof of purchase.

This guarantee is invalid if the product is found to have been abused or tampered with in any way, or not used for the purpose for which it was intended.

Faulty goods should be returned to their place of purchase, no product can be returned to us without prior permission.

This guarantee does not effect your statutory rights.

SPECIFICATIONS

Model :CHT711

Part No : 1801711
